

Quality and Environmental Policy

Techni-Car, Inc. sets forth this policy to provide a framework of understanding regarding its commitment to producing the highest quality products and services for our clients while minimizing its impact on the environment both locally and globally. The implementation of this policy is a commitment of the company's ownership and management, with a shared responsibility of the companies Employees. We strive to achieve our policy through the following principals:

Quality

- ❖ Provide products and services that consistently meet or exceed our customers' expectations for quality, delivery, and service
- ❖ Work closely with customers and suppliers to ensure mutual understanding and benefit

Environment

- ❖ Comply with all applicable environmental, legal, and other requirements to which Techni-Car subscribes
- ❖ Conduct operations in a manner which prevents environmental pollution
- ❖ Continual improvement of the environmental management system in order to achieve improvements in environmental performance

The principals above shall be executed by identifying quality and environmental objectives. Objectives will be established in relation to their impact on the environment and the continual improvement of the quality and environmental management system. Management programs will be implemented to achieve stated objectives.

The ownership and management of Techni-Car, Inc. confirm their commitment to support, effectively apply, and continually improve the Quality and Environmental Management Systems established to carry out the foregoing Policy.
